Sewing:

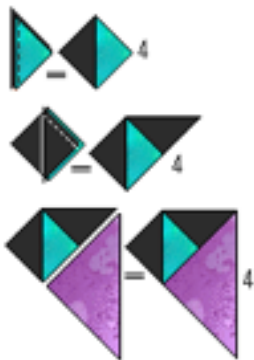

Sew pairs of SMALL Color 3 and Color 4 half square triangles right sides together to make four pieced triangles as shown at top left.

Add a MEDIUM Color 4 triangle to the Color 3 side of each of those, making four units as shown middle left.

Add a Color 2 half square triangle to the right to make four of the units shown at bottom left.

These are now Color 2 pieced units.

Sew together pairs of Color 3 and Color 4 MEDIUM triangles to make four of the units shown at top left.

Add another Color 4 MEDIUM triangle to the Color 3 side of each of those to make four of the units shown at middle left.

Now add a Color 1 half square triangle to each of the units we just made, making four of the units shown at bottom left.

These are now Color 1 pieced units.

Sew one of the Color 2 pieced units to each of the Color 1 pieced units. Make four of these.

Sew the Color 3 2-5/8" square to the bottom right edge of one of the larger pieced units, starting at a point 1/4" from the inner edge of the square and stitching to the outer edge.

Working clockwise, add another pieced unit to the bottom of that.

Continue to add units in a clockwise fashion.

After adding the fourth unit, fold the block right sides together to align the remaining un-sewn seam, and stitch that closed.

Now add the four Color 4 LARGE half square triangles to the four corners, and the block is complete!
